AGRIFUTURES AUSTRALIA

Section 1: Entity overview and resources

1.1 STRATEGIC DIRECTION STATEMENT

AgriFutures Australia (AgriFutures) is the trading name for Rural Industries Research and Development Corporation (RIRDC). AgriFutures plays a unique role in Australian agriculture by investing in research and development (R&D) to maintain and create profitable and sustainable rural industries. AgriFutures knows that the key to developing real and lasting solutions for rural industries is to take a shared approach to shared challenges. That is why AgriFutures works in collaboration with a range of stakeholders to develop and implement its initiatives.

AgriFutures' vision is to grow the long-term prosperity of Australian rural industries. AgriFutures' mission is to collaborate with its partners to create lasting value for its stakeholders, investing in research, innovation and learning initiatives that enhance the prosperity, profitability and sustainability of the agricultural, fisheries and forestry sectors. AgriFutures' approach is guided by an ambition to be an organisation that places people, rural industries and regional communities at the centre of all its activities.

AgriFutures supports rural industries that do not have their own research and development corporation (RDC) and invests in R&D to accelerate the establishment of new and emerging rural industries.

AgriFutures' cross-sectoral mandate supports it to focus on national opportunities and challenges that affect multiple rural industries, not just the industries it traditionally serves. AgriFutures' future orientation enables it to not only tackle the challenges and opportunities that rural industries face today, but to identify and unearth the challenges and opportunities of tomorrow. AgriFutures will do this by listening and collaborating with the emerging leaders in agriculture, industries bodies, other RDCs and government.

AgriFutures Budget Statements

As outlined in AgriFutures Strategic R&D Plan 2017–2022 AgriFutures has four goals across four arenas:

Arena 1: People and leadership

Goal: To support the people driving the future prosperity of Australian rural industries and regional communities by providing them with learning opportunities and experiences.

Priorities:

- Attracting capable people into careers in agriculture; and
- Building the capability of future rural leaders.

Arena 2: National challenges and opportunities

Goal: To identify and nurture research and innovation opportunities that are productive across rural sectors.

Priorities:

- Informing debate on issues of importance to rural industries;
- Adapting new technologies for use across rural industries; and
- Working collaboratively on issues common across rural sectors.

Arena 3: Growing profitability

Goal: To enhance the profitability and sustainability of our levied rural industries.

Priorities:

- Engaging industry participants in determining R&D priorities;
- Investing in innovation that assists levied industries to be more profitable; and
- Delivering outcomes to maximise industry uptake and adoption.

Arena 4: Emerging industries

Goal: To support new and emerging rural industries.

Priorities:

- Supporting the early stage establishment of high potential rural industries.

1.2 ENTITY RESOURCE STATEMENT

Table 1.1 shows the total resources from all sources. The table summarises how resources will be applied by outcome and by administered and departmental classification.

1.3 BUDGET MEASURES

Budget measures in Part 1 relating to the AgriFutures Australia are detailed in *Budget Paper No. 2: Budget Measures 2019–20* and are summarised below.

Table 1.2: AgriFutures Australia 2019–20 Budget measures

Part 1: Measures announced since the 2018–19 Mid-Year Economic and Fiscal Outlook (MYEFO)

AgriFutures does not have any 2019–20 Budget measures.

Part 2: Other measures not previously reported in a portfolio statement

AgriFutures does not have any measures not previously reported in a portfolio statement.

Section 2: Outcomes and planned performance

Government outcomes are the intended results, impacts or consequences of actions by the Government on the Australian community. Commonwealth programs are the primary vehicle by which government entities achieve the intended results of their outcome statements. Entities are required to identify the programs which contribute to government outcomes over the Budget and forward years.

Each outcome is described below together with its related programs. The following provides detailed information on expenses for each outcome and program, further broken down by funding source.

Note:

Performance reporting requirements in the Portfolio Budget Statements are part of the enhanced Commonwealth performance framework established by the *Public Governance, Performance and Accountability Act 2013*. It is anticipated that the performance criteria described in Portfolio Budget Statements will be read with broader information provided in an entity's corporate plans and annual performance statements – included in annual reports – to provide an entity's complete performance story.

The most recent corporate plan and annual performance statement for the AgriFutures Australia can be found at:

Section 3: Budgeted financial statements

Section 3 presents budgeted financial statements which provide a comprehensive snapshot of entity finances for the 2019–20 budget year, including the impact of budget measures and resourcing on financial statements.

3.1 BUDGETED FINANCIAL STATEMENTS

3.1.1 Differences between entity resourcing and financial statements

The financial statements are prepared on an accrual basis where revenues and expenses are recognised as and when the resources are received and used. The entity resourcing table recognises the cash resources available to be used during the period and includes amounts recognised as revenue in previous periods.

3.1.2 Explanatory notes and analysis of budgeted financial statements

AgriFutures is budgeting for a deficit of \$0.7 million in 2019–20.

AgriFutures' balance sheet remains strong with estimated total assets of \$21.3 million in 2019–20 and in forward years. Of the total assets, approximately \$19.3 million is represented by cash and investments.

Total liabilities of \$1.4 million are mostly represented by payables to R&D providers and suppliers of \$1.0 million and employee entitlements of \$0.4 million over the same period.
