

## **Raw Prawn Sampling Declaration**

**Importer:** \_\_\_\_\_

**Person in Charge (PIC) (if applicable):** - \_\_\_\_\_

**Biosecurity Entry #:** \_\_\_\_\_

**Batch numbers:** \_\_\_\_\_

**Total number of batches for testing:** \_\_\_\_\_

**Nominated testing laboratory:** \_\_\_\_\_

I, \_\_\_\_\_, the importer/PIC (please strikethrough), agree to the above number of batches determined by the sampling Biosecurity Officer, to be sent to the nominated testing laboratory for White Spot Syndrome Virus (WSSV) and Yellow Head Virus (YHV) detection.

I understand that should one sample from a batch test positive for WSSV or YHV, that batch will be declared positive and directed to be exported, destroyed, or processed under the control of the Department of Agriculture and Water Resources. I understand that I will have 14 days only, from the date of receipt of test results, to request a re-test of the sample. The re-test will be conducted at the Australian Animal Health Laboratory (AAHL).

I understand that I must inform the Department of Agriculture and Water Resources of the WSSV and YHV test results by producing a copy of the laboratory results report before the release of the consignment can be considered.

I agree to allow the nominated testing laboratory to disclose details of the test results, country of origin and consignment details to the Australian Department of Agriculture and Water Resources.
