Variation of Tasmanian Regional Forest Agreement

This Variation is made on the ______ day of ______ 201
between the Commonwealth of Australia (Commonwealth) and the State of Tasmania (State).

Recitals

A The State and Commonwealth entered into a Regional Forest Agreement in relation to the Tasmania region on 8 November 1997. That Regional Forest Agreement was varied in 2001 and 2007, and by a supplementary agreement in 2005.

B The State and Commonwealth share a common policy intent to support the Tasmanian forestry industry so that it has a strong and sustainable future and to provide additional certainty to industry and the community by:
   - extending the duration of the agreement, initially by 20 years;
   - further extending the agreement by five years after the successful completion of each future five yearly review of the agreement;
   - introducing annual officials-level, bi-lateral meetings to monitor progress with implementation of the agreement; and
   - improving the 5 yearly review process by transitioning to a more outcomes focussed reporting structure.

C This Variation is entered into:
   - having regard to further assessments of matters that are relevant to the region relating to environmental values, indigenous heritage values, economic values of forested areas and forest industries, social values and principles of ecologically sustainable management; and
   - to give effect to the common policy intent of the parties.

D The Commonwealth and the State agree to vary the provisions of the Agreement in accordance with this Variation.
Agreed terms

1. Defined terms and interpretation

1.1 Defined terms
In this Variation, unless the contrary intention appears:

(a) a word or expression defined or referred to in this Variation has the meaning given to it in the Agreement;

(b) Agreement means the Tasmanian Regional Forest Agreement between the Commonwealth and the State signed on 8 November 1997, including all variations;

(c) Variation means this variation agreement, including all annexures and schedules to it.

2. Relationship to Agreement

(a) This Variation forms part of the Agreement and is to be interpreted subject to the definitions and provisions specified in the Agreement, unless a contrary intention appears.

(b) The parties acknowledge and agree that the Agreement as varied by this Variation is and continues to be in full force and effect.

3. Supplementary Agreement

The Parties, by consent, agree to the termination of the supplementary agreement entered into in 2005, in accordance with clause 81 of the supplementary agreement.

4. Miscellaneous

4.1 Counterparts
This Variation may be executed in counterparts. All executed counterparts constitute one document.
SIGNING by

The Honourable Malcolm Turnbull MP, Prime Minister for and on behalf of the Commonwealth of Australia.

In the presence of:

The Honourable Will Hodgman MP, Premier for and on behalf of the State of Tasmania

In the presence of:
Schedule 1 – Variation to Agreement

The Agreement is amended as follows:

1.1 INSERT the following new Recitals after Recital C:

CA. In 2005, the State and the Commonwealth entered into a supplementary agreement. In 2017, in seeking to consolidate Agreement documentation, the State and the Commonwealth consented to the termination of the supplementary agreement in accordance with the terms of that agreement.

CB. The Agreement was varied in 2001, 2007 and 2017. The Agreement, including the 2001, 2007 and 2017 variations, provides for:

- the long-term stability of forests and forest industries;
- a comprehensive, adequate and representative reserve system (CAR reserve system); and
- the ongoing ecologically sustainable management and use of forested areas in Tasmania.

1.18 **VARY clause 8 by INSERTING the following at the end of the clause:**

Subject to the satisfactory completion of each 5 yearly review in accordance with clause 9J, the Agreement will be automatically extended for a further five years.

The automatic extension process will commence with the 5 yearly review due in 2022 and continue until this Agreement is terminated by the Parties, or a Party withdraws in accordance with clause 15C.

1.19 **DELETE the heading “Cooperation and Response to Requests” and REPLACE with the following:**

Changes to the Agreement

1.20 **VARY clause 9 by DELETING the following:**

The Parties agree to work cooperatively to address any matters raised in writing by either of them relating to the interpretation or implementation of this Agreement and undertake to respond to any request within 45 days of its receipt.

1.21 **INSERT the following new headings and clauses after clause 9:**

**Monitoring the Agreement**

**General monitoring**

9AA. The implementation of this Agreement is monitored through 5 yearly reviews and annual meetings between the Parties in the periods between the 5 yearly reviews.

Notwithstanding the annual meetings and 5 yearly reviews, the Parties otherwise agree to maintain open communication on matters relating to the implementation of this Agreement, including raising and responding to issues at any time.

The Parties consider the assessment process, the additional consultation undertaken in late 2016 and the compilation of the State of the Forests Report 2017 to be sufficient review such that the 5 yearly review that was due in 2017 is not required.

The next 5 yearly review required by this Agreement will commence in 2022.

**Annual meetings**

9A. The Parties agree to hold annual officials-level, bi-lateral meetings in the years between each 5 yearly review to monitor the implementation of the Agreement and discuss any issues that arise.

**5 yearly reviews**

*Five yearly review*

9B. A review of the performance of this Agreement is to commence during the last year of each 5 year period during the term of the Agreement (the 5
yearly review).

9C. The purpose of the 5 yearly review is to examine Tasmania’s forest management to demonstrate Ecologically Sustainable Forest Management, including to:

(a) demonstrate adaptive forest management in accordance with the RFA framework;

(b) demonstrate how the Parties have provided for the protection of Matters of National Environmental Significance, including trends and the status of Matters of National Environmental Significance or other environmental values, which may be impacted by Forestry Operations;

(c) demonstrate how relevant Statutory Conservation Planning Documents have been implemented as part of the Forest Management System;

(d) demonstrate how social and economic benefits of forestry and other Forest uses are being achieved; and

(e) assess the extent to which key findings and/or recommendations for preceding 5 yearly reviews have been addressed.

9D. The Parties note that the State of the Forests Reports required by section 4Z of the *Forest Practices Act 1985 (Tas)* provide an ongoing mechanism to monitor implementation of Ecologically Sustainable Forest Management, including across key environmental, social and economic indicators. As such, they will be a key source of information in the 5 yearly reviews under this Agreement. Completion of the 5 yearly reviews will follow the completion of the State of the Forests Reports.

Conduct of 5 yearly review

9E. 5 yearly reviews are to be conducted:

(a) by a person or body jointly appointed by the Parties;

(b) in accordance with agreed priorities, procedures and funding arrangements, which are to be agreed by the Parties before the end of each 5 year period of this Agreement.

9F. In conducting the 5 yearly review, the person or body will:

(a) take into account public comments;

(b) use and take into account the relevant State of the Forests Report;

(c) use and take into account Tasmania’s Forest Management System: An Overview, as updated from time to time;

(d) develop and submit to the Parties a report detailing the 5 yearly review process and its findings, within three months of commencement.
9G. In accordance with subsection 10(6) of the *Regional Forest Agreements Act 2002* (Cth), the Commonwealth Minister responsible for forestry will table the report provided under paragraph 9F(d) in the Parliament of Australia.

9H. The Parties will consider the 5 yearly review recommendations and publish a joint government response to the recommendations within 12 months of receiving the review report.

9I. The purpose of the 5 yearly review process under this Agreement is not to re-negotiate the Agreement.

*Satisfactory completion of 5 yearly review*

9J. A five yearly review will be satisfactorily completed upon the public release of the joint government response to the review report, which will also confirm whether ongoing Agreement obligations and any commitments subsequently agreed to by the Parties have been implemented to the satisfaction of the Parties.

*Audit and Review*

9K. Either Party may initiate an audit or review, or require a report if, in the opinion of the initiating Party, there has been, or is likely to be, an adverse outcome relating to this Agreement, whether or not the outcome relates to non-compliance or likely non-compliance with the Agreement.

9L. Before a Review commences, the initiating Party must notify and consult with the other Party on the following:

(a) the initiating Party’s opinion and reason for initiating the Review;
(b) the appointment of an independent auditor or reviewer(s); and
(c) the scope and criteria of the Review.

9M. A Review may include:

(a) an independent audit or review of the operation of this Agreement over a particular period of time;
(b) a report which addresses the criteria specified by the initiating Party.

9N. A Review should be conducted in the most efficient and effective manner possible to address the opinion of and concerns identified by the initiating Party.

9O. The Parties agree to cooperate fully in any Review.

9P. The initiating Party may publish any report produced as part of the Review, provided the Party, prior to publication:

(a) notifies the other Party of the intent to publish the report;
(b) provides the other Party with a copy of a draft of the final report; and
(c) provides the other Party with 20 business days to respond to the draft of the final report.
9Q. The costs of a Review, including any report, will be borne by the initiating Party.

1.22 INSERT the following new headings and clauses after clause 15:

Withdrawal from automatic extension process

15A. If there is no resolution or agreement on a dispute in accordance with clauses 10 to 15 (including the failure of mediation), either the Commonwealth Minister responsible for forestry (in consultation with the Commonwealth Minister responsible for the environment) or Tasmanian Minister responsible for forestry may send to the other Party and publish a written notice of its intention to withdraw from the automatic extension process in clause 8 unless the dispute is resolved.

15B. Any notice under clause 15A above must specify the time period in which the other Party must address the dispute.

15C. If, at the end of the specified time period, the dispute has not been resolved, the Commonwealth Minister responsible for forestry (in consultation with the Commonwealth Minister for the environment) or the Tasmanian Minister responsible for forestry may write to the other Party’s government giving notice of their intention to withdraw from the automatic extension process in clause 8.

15D. A notice of intention given by a Party pursuant to clause 15C must include the date at which the Party’s withdrawal from the automatic extension process in clause 8 takes effect.

15E. In the event either Party withdraws from the automatic extension process in clause 8, negotiation of any subsequent extension to this Agreement will only be considered following the satisfactory completion of the penultimate 5 yearly review (that is, the 5 yearly review prior to the final five years of the Agreement’s duration).

15F. In the event the Parties subsequently extend this Agreement subject to clause 15E and pursuant to clause 9, the automatic extension process in clause 8 will not apply to the extended Agreement unless otherwise agreed by the Parties.

1.23 VARY clause 16 by DELETING “Department of Agriculture, Fisheries and Forestry” and the Commonwealth’s address, and REPLACING with the following:

Department of Agriculture and Water Resources
18 Marcus Clarke Street
CANBERRA ACT 2601

1.24 VARY clause 19 by DELETING the four dot points and REPLACING with the following:

- implementing Ecologically Sustainable Forest Management; and
• maintaining a CAR Reserve System; and
• supporting an internationally competitive wood production and wood products industry; and
• promoting the conservation and management of the Private Forest Estate.

1.25 INSERT the following new headings and clauses after clause 23:

Environment and Heritage Values

Protection of Environment and Heritage Values

23A. The Parties agree that the CAR Reserve System, established in accordance with this Agreement, and the application of the Forest Management System, protects Environment and Heritage Values.

1.26 VARY clause 24 by DELETING sub clauses 24(b), 24(c) and 24(d).

1.27 DELETE the heading “National Estate” and clauses 25, 26, 27 and 28.

1.28 INSERT the following new headings and clauses after clause 29:

Matters of National Environmental Significance

Matters of National Environmental Significance (general)

29A. The State agrees that its Forest Management System will take into account relevant Commonwealth plans and principles, as amended from time to time, in order to protect Matters of National Environmental Significance.

29B. The Parties recognise the importance of research, monitoring, evaluation and communication to support decision making with regard to Matters of National Environmental Significance. The Parties will continue to improve those mechanisms as part of their adaptive management framework.

29C. The Parties agree that the monitoring, audit and review processes set out in this Agreement provides an assurance that the Forest Management System takes into account the protection of Matters of National Environmental Significance.

1.29 DELETE the heading “Threatened Species and Communities” and REPLACE with the following:

Listed Species and Communities

1.30 DELETE clause 30 and REPLACE with the following:

The Parties, recognising that priorities can change in light of new information, will continue to consult on the priorities for:

(a) forest associated Listed Species and Communities, Forest Communities, and Threatening Processes;

(b) the preparation of all Statutory Conservation Planning Documents relevant to this Agreement.
1.31 DELETE clause 31 and REPLACE with the following:
The State agrees that any new or altered management prescriptions that are developed over the term of the Agreement for forest associated Listed Species and Communities will:

(a) provide for the maintenance of the relevant species;
(b) have a sound scientific basis;
(c) be endorsed by the Tasmanian Threatened Species Scientific Advisory Committee where relevant; and
(d) take note of public comment.

1.32 DELETE clause 32 and REPLACE with the following:
The State:

(a) agrees to maintain planning tools that include management prescriptions and responses to disturbance related to forest associated Listed Species and Communities;
(b) confirms that it intends to use the planning tools as a basis for the management of Listed Species and Communities;
(c) agrees to make the planning tools publicly accessible; and
(d) agrees to continue periodic reporting on the effectiveness of management prescriptions.

1.33 DELETE clauses 33, 34, 35 and 36.

1.34 VARY the location of the heading “World Heritage” to MOVE the heading above clause 37.

1.35 DELETE clause 37 and REPLACE with the following:
The Parties acknowledge that the World Heritage Values of a property included in the World Heritage List are protected by Part 3 of the EPBC Act, as the exemption to the application of Part 3 for Forestry Operations does not apply to a property included in the World Heritage List pursuant to section 42 of the EPBC Act.

1.36 DELETE clause 38 and REPLACE with the following:
The Parties agree to participate in the assessment of any future World Heritage Places consistent with the Australian World Heritage Intergovernmental Agreement.

1.37 DELETE clause 39.

1.38 DELETE clause 40 and REPLACE with the following:
The Parties agree that they will give consideration to the potential social and economic consequences of any World Heritage Nomination of places in the Tasmanian Region and that any such nomination will only occur after the fullest
consultation and with agreement of the State.

1.39 DELETE clause 41 and REPLACE with the following:
The Parties agree that any World Heritage Nominations involving any part of the Forest Estate in the Tasmanian Region will be from areas within the Dedicated Reserve elements of the CAR Reserve System.

1.40 DELETE clause 42 and REPLACE with the following:
The Parties agree:

- that before any World Heritage Nomination of any part of the Forest Estate is made, management arrangements, including joint policy coordination arrangements and a draft or final statutory management plan under the relevant Tasmanian legislation, will be in place.

1.41 INSERT the following new headings and clauses after clause 42:

National Heritage
42A. The Parties agree that the Forest Management System provides for the protection of National Heritage through management of National Heritage Values of National Heritage Places in accordance with National Heritage Management Principles.

Commonwealth Heritage
42B. The Parties agree that the Forest Management System provides for the protection of Commonwealth Heritage through the management of Commonwealth Heritage Values of Commonwealth Heritage Places in accordance with Commonwealth Heritage Management Principles.

Ramsar Wetlands
42C. The Parties acknowledge that the Forest Management System provides for the protection of the ecological character of Ramsar Wetlands, in accordance with Australia’s obligations under the Ramsar Convention, by:

(a) the application of Part 3 of the EPBC Act, as the exemption to the application of Part 3 of the EPBC Act for Forestry Operations does not apply to Ramsar Wetlands pursuant to section 42 of the EPBC Act;

(b) management of Ramsar Wetlands under the Forest Management System, including having regard to Ramsar Wetland information sheets and Ramsar Wetland ecological character descriptions; and

(c) management of the relevant threatened native vegetation communities listed in Schedule 3A of the Nature Conservation Act 2002 (Tas).
1.42 DELETE the headings “Monitoring this Agreement” and “Five yearly review” and clauses 44, 45, 46 and 47.

1.43 DELETE clause 48 and REPLACE with the following:
The Parties agree that the CAR Reserve System has been established and progressively added to for the purpose of ensuring the long-term conservation and protection of the values defined by the JANIS Reserve Criteria. The CAR Reserve System includes the land specified in Attachment 6.

1.44 INSERT the following new clause after clause 48:

48A. The primary function of the CAR Reserve System is to ensure the long-term conservation and protection of Environment and Heritage Values, including Listed Species and Communities.

1.45 DELETE clause 49 and REPLACE with the following:
The Parties agree that the CAR Reserve System established in accordance with this Agreement (including as it has been progressively added to), comprises:

- Dedicated Reserves and other Formal Reserves; and
- Informal Reserves; and
- areas with CAR Values protected by prescription; and
- Private Land with CAR Values protected under secure management arrangement by agreement with private landholders.

1.46 INSERT the following new heading and clause after clause 49:

Action to manage the CAR Reserve System

49A. The State will manage and conserve the Formal Reserve elements of the CAR Reserve System consistently with its obligations in relation to the relevant statutory values and purposes of reservation set out in Schedule 1 of the Nature Conservation Act 2002 (Tas), and the management objectives set out in Schedule 1 of the National Parks and Reserve Management Act 2002 (Tas).

1.47 VARY clause 50 by DELETING the words “in accordance with” and REPLACING with the following:

Permanent Native Forest Estate Policy

1.58 INSERT a new clause after the heading “Permanent Native Forest Estate Policy” as follows:
59A. The State’s Permanent Native Forest Estate Policy is an important element of achieving Ecologically Sustainable Forest Management and applies to areas of Native Forest managed on a sustainable basis both within the CAR Reserve System and within other Forests across Public Land and Private Land.

1.59 DELETE clause 61 and REPLACE with the following:
The Parties agree that the Permanent Native Forest Estate Policy, together with the CAR Reserve System and Tasmania’s Forest Management System implemented under this Agreement, meet the requirements of the NFPS for the protection of regional conservation values and catchment management objectives.

1.60 VARY clause 62 by DELETING the three dot points and REPLACING them with the following:
- the maintenance of the CAR Reserve System;
- supported, internationally competitive Forest Products industries which are economically sustainable and provide for social and economic benefit; and
- an integrated, complementary and strategic Forest Management System capable of responding to new information.

1.61 DELETE clause 63 and REPLACE with the following:
The State confirms its commitment to the ongoing implementation and achievement of ESFM on both Public Land and Private Land through the continued implementation of improvements to its Forest Management Systems and adaptive Forest management.

1.62 INSERT the following new headings and clauses after clause 64:

Climate change

64A. The State agrees to manage its Forests in accordance with the NFPS objectives and policies as they relate to climate change, adaptation and
carbon. The Parties acknowledge:

(a) the need to manage Forests so as to maintain or enhance the contribution of managed Forests to the effective management of carbon within the carbon cycle;

(b) that maintaining Native Forest, through the CAR Reserve System, the Permanent Native Forest Estate Policy, managed production Forests and other mechanisms, plays an important role in maintaining the contribution of the State’s Forests to the effective management of carbon within the carbon cycle.

Old Growth forest management on Public Land

64B. Since the signing of this Agreement, harvesting of Old Growth forest on Public Land has been significantly reduced. The State will continue to publicly report on the area of public Old Growth forest harvested by silvicultural technique each year.

1.63 DELETE the heading “Accreditation”.

1.64 DELETE clauses 65, 66 and 67.
