Question 1

The revised strategy sets out the roles and responsibilities of all stakeholders in weed management and prevention. Are these clear?

do not agree to the premise that all WONS have been successfully contained-prickly acacia has enlarged from 6 million ha to 22 million ha under containment

Question 2

Are the goals and priorities of the strategy focused in the necessary areas? why / why not?

why is the ultimate goal not eradication

Question 3

The strategy is intended to describe how weed management fits into Australia's biosecurity system. Is the link between Australia's biosecurity system and weed management made clear in the strategy? why / why not?

appears to be- plenty of encouragement etc

Comments / Feedback

Any other comments or feedback?

what works now? why not enlarge on successful processes using for example QRAA funding (QLD) to enable long term eradication goals to be set
