Thank you again for your time today. I found it really valuable and I hope you did too.

Can you please check and confirm my notes from the meeting and let me know of any changes?

Hi s.22(1)(a)(ii)

More than happy to catch up next week. Thursday in the morning is good for myself

Hope that works for yourself

Regards

Jeff Scott

Subject: REQUEST CONTACT to discuss communication of international MRL's [SEC=OFFICIAL]

Hello

I work in the Plant Division Market Coordination and Strategy team under Peter Creaser. My main focus is supporting food safety or other non-phytosanitary matters to support plant exports.

Since 2018, our Division has funded the position in the NRS that provides support and communication to the horticulture industry on changes to importing country Maximum Residue Limits (MRL's). This service is provided at no cost to industries who do not currently participate in a [National Residue Survey Plant Product Residue Monitoring Program](#).

Noting we are 4 years on from commencing this free service, we are keen to understand and review how the emailed advice is used and disseminated to the horticulture industry.

Can you please confirm you are OK for me to arrange 30 minutes in the next week or two to have a discussion either via Teams Meeting or phone? I will send through a meeting request.

The scope of the discussion will include:

- Is the email address still the most current/relevant for your industry?
- How are these emails reviewed and communicated to your industry?
- Any other comments or questions about the email service?

I hope to hear from you soon.

Kind regards

[s.22\(1\)\(a\)\(ii\)](#)
