Section K: Privacy notice

‘Personal information’ means any information or opinion about an identified, or reasonably identifiable, individual.

‘Sensitive personal information’ is a subset of personal information and means any information or opinion about an individual’s racial or ethnic origin, political opinion or association, religious beliefs or affiliations, philosophical beliefs, sexual preferences or practices, trade or professional associations and memberships, union membership, criminal record, health or genetic information and biometric information or templates.

The Department of Agriculture, Water and the Environment collects your personal information (as defined in the *Privacy Act 1988*) in relation to this form for the purposes of assessing your application. The department is authorised under the *Export Control Act 2020* to assess your application and related purposes. If you fail to provide some or all of your personal information, we will not be able to process your application.

The department may disclose your personal information to relevant authorities in an importing country and other Australian agencies where necessary for these purposes, provided the disclosure is consistent with the *Privacy Act 1988* and other relevant laws. Your personal information may also be disclosed to relevant employees within your organisation for the purpose of approving your licence and to maintain the currency of your personal information for the purpose of the licence. Your personal information will be used and stored in accordance with the Australian Privacy Principles.

By completing and submitting this form you consent to the collection, use and disclosure of all personal information, including sensitive information, in this form to the relevant authorities in the importing country.

The department has not taken steps to ensure that the relevant authorities in the importing country do not breach the Australian Privacy Principles. This means that:

- relevant authorities in the importing country may not be accountable under the Privacy Act
- you may not be able to seek redress under the Privacy Act
- you may not be able to seek redress in the overseas jurisdiction.

Relevant authorities in the importing country may not be subject to any privacy obligations or to any principles similar to the Australian Privacy Principles.

See the department’s [Privacy Policy](#) to learn more about accessing or correcting personal information or making a complaint. Alternatively, telephone the department on +61 2 6272 3933.

Section L: How to complete this form

Exporter details

The Notice of Intention (NOI) must provide the department with details of the person exporting the animal or consignment.

We also ask that you provide details of the person that the department can contact regarding the export.

Importer details

The importer details are required on the Government Certificate which will accompany the animal or consignment, please ensure these are correct.

Description of live animal/s

Example of a completed table.

Quantity	Species (please include breed)	Class (companion, competition, breeder, etc.)	Identification (microchip, name, colour, etc.)	Sex	Age
1	Dog/German Shepherd	Companion	MC: 900 100 200 300 Colour: Brown Name: Jack	M (D)	3 yrs
1	Quarter Horse	Competition	Branding: RL BAY Marking: White Blaze	Gelding	5 yrs
1	Cat/Ragdoll	Companion	MC 900 400 500 600 Colour: Grey/White Name: Gizmo	F (D)	12 yrs

(D) indicates that the animal is de-sexed.

Transport details

Port of departure: the airport or seaport from the animal/s departing Australia.

Transport method: how the animal will be leaving Australia.

Route including transit/tranship ports: list all the departure, transit, tranship and arrival ports.

Description of travel arrangements: transport container details, dimensions, construction material and arrangements for feed and water during the journey. For more information, please visit the International Air Transport Association website.

Veterinarian details

Please provide the name and address of the veterinarian who will be preparing the animal/s for export.

Pre-export isolation (if applicable)

If the importing country requires isolation or quarantine, please provide details of the premises where the animal/s will be held prior to export as inspection may be required.

The NOI is the application for approval of your nominated isolation premises for the period of the preparation for your animal/s. All requirements for pre-export approval must be met in accordance with the NOI.

Preparation for export

Please provide the relevant import permit, relevant health certificate/s and all supporting documents that meet the importing country requirements.

Department approval

On receipt of your NOI the department will review the information and may request additional information. If satisfied with the NOI the department will provide you with an approval to prepare the animal/s for export in accordance with the information provided. The department will also confirm an appointment time.

s. 47G(1)(a)

SINGLE-USE (RE-)EXPORT PERMIT/CERTIFICATE

You have been issued with an (re-)export permit/certificate (referred to in this notification as permit) to trade in regulated wildlife. The permit can only be used for a **single shipment**. The number of items (re-)exported must not exceed the quantity specified on the permit, however you can export fewer items than specified. A new permit is required for any further shipments.

Once you use your permit, you must **acquit** it. An acquittal tells the Department whether a wildlife trade permit has or has not been used, and what specimens were shipped or received under the permit. Instructions are below.

The permit cannot be used after its **expiry date**. The expiry date cannot be extended.

It is an offence to not comply with conditions listed on the permit. Failure to comply may result in the cancellation of your permit, may influence any future permit applications and could result in a penalty.

Please note it is your responsibility to be aware of any international requirements that relate to your permit.

How to use your permit

1. Complete an electronic export declaration on Australian Border Forces' Integrated Cargo System and obtain an Export Declaration Number (EDN) prior to the goods leaving Australia (for further information see: <https://www.abf.gov.au/importing-exporting-and-manufacturing/exporting/how-to-export/export-declaration>; Phone: 131 881). Note: EDNs are required for all shipments with permits regardless of value.
2. Make a copy of the original permit/certificate (white signed page with government emblem) for your records.
3. Attach the original permit/certificate to the shipment.

How to acquit your permit

1. Notify the Department of the shipment through your [online services](#) account (select "permit acquittal" tile) **within two weeks of the shipment occurring** or, if the shipment doesn't occur, when the permit expires (or sooner, where possible).
 - If you submitted the application (the applicant), you will be able to acquit. If you did not submit the application, and were not added as an acquirer during the application process (section 6 of the form), please contact the Department with a request to be added.
 - The acquittal needs to include the species name, product description (as per your permit/certificate), the number/quantity of each item exported, the date of export from Australia, and the EDN. You may also need to attach additional supporting documents as prompted (please keep copies for your records)
 - If the permit/certificate has not been used, mark the shipment as 'Shipment not sent' on the initial page of the acquittal process to finalise the permit.

Subject: RE: Advice Export of Marmosets to the US [SEC=OFFICIAL]

Hi s. 22(1)(a)(ii),

You still require the pre-export appointment as we still need to provide you with an export permit to export the marmosets to the USA.

Kind regards,

s. 22(1)(a)(ii)

Hi s. 22(1)(a)(ii) and s. 22(1)(a)

Would a pre-export appointment with DAFF be required if we do not need the documents countersigned by a DAFF vet?

Many thanks

Good Morning ^{s. 22(1)(a)(ii)},

The proper process involves having an appointment with us at our office to certify your physical documents, the first step to organise this is to fill out the form I have attached and send it back to us, it's a simple form that just gives us the first layer of information we need to start generating certificates etc.

This is the first step, I'll walk you through the rest once you send your completed NOI back to me.

If you have any questions please feel free to get in contact.

The department acknowledges the traditional custodians of Australia and their continuing connection to land, sea, environment, water and community. We pay our respect to the traditional custodians, their culture, and elders both past and present.

It is an offence if a person makes a false or misleading statement in an application or provides false or misleading information or documents (sections 136.1, 137.1 and 137.2 of the Criminal Code and sections 367, 368 and 369 of the Export Control Act).

Good Afternoon ^{s. 22(1)(a)(ii)},

For the Exporter and Importer information just having the company will do, or if you want to you can just have a representative of each organization.

This is true for the signature as well, we just need a representative of the Exporter or you if you are filling out the NOI on there behalf.

Kind Regards,
