About ABARES and the Regional Outlook conferences

The Australian Bureau of Agricultural and Resource Economics and Sciences (ABARES) is the research arm of the Australian Government Department of Agriculture, Water and the Environment. ABARES provides professionally independent research, analysis, forecasts and statistics.

ABARES Regional Outlook conferences are an essential part of our delivery of commodity forecasts and research results directly to rural and regional communities, with each conference program tailored to the region.

ABARES thanks our conference partners
