Hi, I was thinking about that kind of feedback from long time. I think that's a great move made my Agri Aus. I think department should go ahead with this project to allow pome import. Modern tech can handle the problems related to pome. It will really good for Austrian citizens. Pomme very expensive here. From India it will be available all around year. In Woolworth coles other supermarkets most of time its out of stock. Even juice Also not available.Import will fix these things . Price will be in affordable range. More people can buy to get health benefits. Pomme thrips and others pest as discussed in draft are similar to table grapes and other fruit imported from India. I think this should allow to import pome from business point of view, health, to boost the Agriculture relationships.Even Middle East , UK importing from India. Thanks
