

Annual Report 2014
Co-regulatory Arrangement - National Television
and Computer Recycling Scheme

Ecycle Solutions Pty Ltd Annual Report 2014

Introduction

The National Television and Computer Recycling Scheme (NTCRS) commenced on 1 July 2012 and is an Australia-wide scheme to recycle e-waste including end-of-life (EOL) waste televisions (TVs), computers and computer products such as printers and scanners. Ecycle Solutions Pty Ltd is an Australian Government Approved Co-regulatory Arrangement within the NTCRS.

Ecycle Solutions' Annual Report provides information about the company's collection and recycling activities during the period 1st July 2013 to 30th June 2014. The report covers the following areas:

1. QLS Group Overview
2. Ecycle Solutions Overview
3. Membership
4. Service providers
5. OHS and Environment
6. Collection Services
7. Recycling
8. Compliance

1. QLS Group Overview

Ecycle Solutions is a member of the QLS Group, a national warehousing, logistics and distribution business specialising in providing secure and reliable warehousing solutions for bulky white and brown goods. The business has experienced consistent growth in recent years and offers over 57,000 square metres of purpose-built warehousing space nationally, providing exceptional security and reliability for our clients. Combined with our own transport fleet and strategic alliances, QLS Group has Australia covered.

The QLS aims to achieve customer service excellence and develop strong relationships with our customers. As such the in-field sales team, regional agents, customer service team, as well as our delivery drivers, seek feedback to improve our service & delight our customers. In FY2014 QLS delivered approx. 50,000 tonnes of freight via its modern fleet of 70 company owned vehicles including B double line haul vehicles and team of sub-contractors.

2. Ecycle Solutions Overview

A new and innovative method of collecting and recycling e-waste is provided by Ecycle Solutions as a co-regulatory arrangement within the Australian government's National Television and Computer Recycling Scheme.

Ecycle Solutions provides the general public with a recycling solution for their end-of-life televisions and computers (e-waste) via a free drop-off service at participating retail stores including Harvey Norman, The Good Guys, Radio Rentals, RT Edwards, Bing Lee, Betta Home Living and Bi-Rite. At the heart of Ecycle Solution's system is QLS' national transport capability regularly visiting metropolitan, regional, and country retail stores throughout Australia. As QLS drivers deliver white and brown goods to retail stores they collect purpose built e-waste bins full of televisions and computers which are then recycled.

The service can be accessed by delivering 'end of life' television or computer equipment to any of the stores contained in Appendix 1 or 2. It is free of charge, the nominated site is required to accept it & there is no obligation to purchase a replacement. Should you require any assistance please direct your enquiry to Ecycle Solutions on 1300 432925 or our Head Office at Dandenong (03) 97065966 or the website www.ecyclesolutions.net.au

Ecycle Solutions also offers retail stores a collection and recycling service for white and brown goods packaging materials including plastic, cardboard and EPS (polystyrene) thereby increasing recycling within the industry's supply chain.

3. Membership

The following table provides details of Members operating under the Ecycle Solutions arrangement for year ended 30th June 2014.

Member Name	ABN	Date Joined
V.B. DISTRIBUTORS PTY LTD	43000225025	1/08/2013
TCL Electronics Australia PTY LTD	83111032896	10/08/2013

4. Service Providers

- **SRS Recycling Pty Ltd – Recycler** – for the past two years & ongoing to Ecycle Solutions – Victorian operations. SRS is a well managed business with a strong social conscience as an employer of people with disabilities.
- **National E-waste Alliance Pty Ltd – Recycler** – provided a recycle service up to March 2014 at which time Ecycle moved to a strategic alliance with SIMS
- **SIMS Recycling Pty Ltd – Recycler** – a strategic alliance was forged in March 2014 this strong, blue chip public company. It is Australiawide & will enable both organisations to develop a stronger business model.
- **Aspitech – Recycler** provides our on-going recycling service in South Australia.
- **QLS Group – Collections and transport** – our parent company, enabling the group to leverage off existing logistics infrastructure for retailers and provide a comprehensive & efficient collection service for this program.

5. OHS and Environment

OHS and Environment Incidents

There were no notifiable OHS (Occupational Health and Safety) and Environment incidents, or breaches of the relevant legislation during the reporting period, including the collection, transportation, storage or recycling of televisions & computer products.

Actions

Actions taken during the year to assess the adequacy of the OHS and Environment policies and procedures as a part of the ongoing adequacy assessment regime included:

- Site inspections of QLS logistics systems in VIC, NSW, QLD and WA.
- Site inspection & audit of Surplus Recycling Solutions recycling system.
- Site Inspection of Aspitech - SA
- Site Inspection of SIMS Recycling
- In 2014/2015, Ecycle plan to conduct regular workshop meetings to leverage of the combined initiatives of our service providers. We will aim to create an OHS&E environment that is considered 'best practice'.

6. Collection Services

The collection services for year ended 30th June 2014 amounted to 2043.37 tonnes comprised the following volumes:

- Collections from States & Territories (Business to Business) – 1965.05 tonnes
 - The above includes 53.8 tonnes obtained from Members
- Products obtained from another co-regulatory arrangement – 78.32 tonnes
- The amount of product stored at a facility other than a recycling facility was nil
- Ecycle complied with the regulatory requirements relating to 'reasonable access' & collected from 180 sites & 700 individual collection services Australiawide. The following is a breakdown of the number of collections conducted in 2013/2014.
 - Metropolitan 430
 - Inner regional 167
 - Outer Regional 69
 - Remote 34
 - **Total no. Collections 700**
- Ecycle Solutions is committed as a business to increasing the number of collection sites and the number of collections. In particular, improving the awareness program in remote & regional locations across Australia
- Ecycle is currently undergoing a marketing initiative to ensure all collection sites receive; personnel, training, advertising (point of sale material) & compliance audits conducted by our customer service, sales & management team.

The following is the television & computer equipment collection services profile for each State & Territory for the year ended 30th June 2014

Tonnes	Inner Regional	Metropolitan	Outer Regional	Remote	Grand Total
Australian Capital Territory		3.13			3.13
New South Wales	7.01	205.63	0.55		213.19
Northern Territory			0.59	1.38	1.97
Queensland	6.61	57.00	0.17	0.08	63.86
South Australia	6.19	40.39			46.58
Victoria	80.30	1,485.59	0.55		1,566.44
Western Australia	1.88	11.76	119.50	15.07	148.21
Grand Total	101.99	1,803.49	121.35	16.53	2,043.37

Please Refer Appendix 1. Listing of Collection Sites for year ended 30th June 2014

Please refer Appendix 2. Geographic Coverage - list of sites with no collections in 2013/2014 - (collection upon request)

7. Recycling

Recycling Activities & Outcomes

Ecycle recycled 2036.83 tonnes

Ecycle collected 2043.37 tonnes, of which 4.89 tonnes were delivered and stored as whole units at a recycling facility, and 1.65 tonnes were delivered to a recycling facility where recycling was in progress at the end of the financial year.

- **The target weight of 1,763.74 tonnes was exceeded by 273.09 tonne.**
- Total weight of 'usable materials recovered' – 1371.53 tonne, including the following materials that will be re-used:
 - Plastic – 338.95 tonne
 - Metal - 793.11 tonne
 - Lead Glass 49.14 tonne
 - No Lead Glass 64.75 tonne
 - Other 125.58 tonne
 - **Total Re-useable 1371.53 tonne**
- Total weight of materials sent for disposal from the recycling of the products – 665,300 kg.
- Our recyclers exported materials for manufacturing to China, Hong Kong, Japan, Indonesia and Korea & this amounted to 806.75 tonne. **No whole units were exported.**

8. Compliance

During 2013/2014, Ecycle Solutions complied with the regulations & has governance systems in place to ensure ongoing compliance. In recent months additional personnel, training, advertising (point of sale material) & compliance audits has been deployed to improve the Ecycle service. The following outcomes were achieved in 2013/2014, relevant to targets for the arrangement:

- OHS & environmental compliance was achieved with no notifiable incidents, or breaches of relevant legislation in 2014/2015. Ecycle is committed to OHS & Environmental compliance & regularly audits own operation, as well as our Service Providers
- Collection & recycling volumes exceeded target by 273.09 tonne, whereby recycled 2,036.84 tonne of televisions & computers against a target weight of 1,763.74 tonne
- The material recovery rate achieved in 2013/2014 of 67.3% was below the target of 90%, due to a lack of interest from the glass industry to accept glass recovered from the recycling process. This issue is being addressed with the Service Providers (recyclers) & Ecycle is confident of improving this position in 2014/2015 & achieving a recycling recovery rate of greater than 90%
- Reasonable access to collection services Australia wide. Ecycle is focussed on improving the volumes achieved in areas outside of the Metropolitan areas. All sites contained in Appendix 1 & 2 are being subjected to 'awareness' training & provision of point of sale materials, to improve public knowledge of the scheme. Members of the public can access information about Ecycle Solutions through our website www.ecyclesolutions.net.au, our **13004ecycle** phone line; or visit the collection site listed in Appendix 1 & 2
