

# Lodge a Request for Export

You must lodge a Request for Export (REX) if you need export documentation issued by the department.

Lodge your REX using the Next Export Documentation (NEXDOC) system.

The department will then:

- assess whether you have met all export requirements
- issue an export certificate, if approved.

#### **Application workflow**

When you start a request, you will be guided through the application workflow. The workflow will be different depending on the commodity you are exporting.

### Start a new request

There are two options in which you can lodge a REX.

You can start a new Request for Export through:

1.	Log onto Online services
2a.	Select 'Lodge a Request for Export (REX)' from the Online services
	Home My Details Services Inbox Tasks
	Welcome to Agriculture Online Services
	Go to NEXDOC Homepage
	Manage web service users
	Connect to a new service >
	Or
2b.	Select NEXDOC Homepage
