

## Junior Biosecurity Officer certificate

Can you earn your paw print stamps from Frankie the biosecurity detector dog?

Become a biosecurity champion graduate by completing the activities and stamping your certificate along the way.

### > Activity 1

Learn about biosecurity and how we protect Australia's people, plants, animals, food and nature.

### > Activity 2

Learn more about biosecurity and how we keep Australia safe from threats.

### > Activity 3

Help keep Australia safe by completing a biosecurity challenge.

### Take home challenge

Share the importance of biosecurity by quizzing and interviewing participants at home.

**Congratulations! You are a biosecurity champion graduate!**

Now that you have completed all the activities, you can help keep Australia safe and also teach others about biosecurity.
