

BE A JUNIOR BIOSECURITY OFFICER

Biosecurity is how we protect our plants, animals, food and nature.
Visit www.agriculture.gov.au/JBO to find out more.

WHERE DO THREATS COME FROM?

There are lots of exotic pests and diseases that we don't want in Australia.

These exotic pests and diseases come from other countries.

There are lots of ways exotic pests and diseases can get into Australia.

Pathways to Australia

- On the bottom or side of boats or inside planes
- Cargo at seaports
- International travellers' luggage
- Parcels, letters and items sent from overseas
- Wind, tide and animal migration
