Region	Date Outbreak Resolved	Key	Map
NSW Bordering Belconnen	31 Oct 2024	<p>Map as at 27 June 2024.</p> <p>Red shade: Restricted areas Orange shade: Control areas Note: There are no infected premises in this area, as it was established given the proximity to the infected premises in the ACT in the below image.</p>	<p>The map displays the Avian Influenza NSW 2024 emergency zones. A large orange-shaded area, representing the Control Emergency Zone, covers a wide region from Wallaroo in the north to Weetangera in the south, and from the ACT border in the west to the Belconnen area in the east. Within this orange zone, a smaller, circular red-shaded area, representing the Restricted Emergency Zone, is centered on the Belconnen town area. The map includes labels for various locations such as Wallaroo, Kinlaysia, Fraser, Dunlop, Flynn, Macgregor, Melba, Latham, Holt, Higgins, Scullin, Page, Belconnen, and Weetangera. It also shows natural features like the Queer Oval Creek and Woodhick Nature Reserve. A legend in the top right corner defines the orange and red shaded areas. An inset map shows the location of the outbreak zone relative to Sydney and Melbourne. A scale bar indicates distances up to 4 kilometers, and the map was created on 27/06/2024. Logos for NSW, Department of Primary Industries, and Department of Regional NSW are present at the bottom right.</p>
