

## National Heritage List and Commonwealth Heritage List Assessments

Under the *Environment Protection and Biodiversity Conversation Act 1999* (EPBC Act) the Minister determines which places the Australian Heritage Council will assess for the National Heritage List and Commonwealth Heritage List.

The Minister sets these assessments through the annual 'Finalised Priority Assessment List' (FPAL).

Each of these lists is publicly available on the Department's website at:

<https://www.awe.gov.au/parks-heritage/heritage/places/priority-assessment> and [Search Results – DAWE](#).

In setting the FPAL, the Minister also sets an assessment completion time, which may be extended. Extension notices are published on the department's heritage public notices website at [Heritage Public Notices - Search \(environment.gov.au\)](#).

The following tables show all places under assessment (including their current assessment timeframes) as of 13 April 2022.
