

What's New, What's Different: Quick Reference Guide

PEMS Release – 28 September 2024

As of Saturday 28 September 2024, the Plant Exports Management System (PEMS) will be updated with the following changes.

PEMS Updates

Container validation on submitting Grain and Plant Product Inspection Record and Quality Systems Recognition (QSR) Inspection Record	
Current	Changes
N/A	<p>PEMS will now display a warning message when a container used for a Grain and Plant Product Inspection Record and QSR Inspection Record does not have a recorded passed Empty Container Inspection Record within the last 90 days. This warning will be visible to the Authorised Officer (AO) to highlight any potential errors in the container number entered.</p> <p>Note: PEMS will not prevent the AO from submitting the inspection record.</p> <p><u>Warning message on initiating an inspection:</u></p> <p>Grain and Plant Product Inspection Active 13/09/2024 <small>Required fields denoted by *</small></p> <div><div>Container number COVA3626012 does not have a valid empty container inspection.</div><div><div>Inspection ID - G729466</div><div><div>Inspection</div><div>Authorised Officers</div><div>Time Entry</div><div>Communications</div><div>Actions</div></div><div><div>RFP details</div><div>Open</div><div>Change</div><div>RFP number 90011472</div><div>Inspection reason</div><div>Destination country EGYPT</div><div>Establishment number 0090</div><div>Establishment name AQIS GRAIN ESTABLISHMENT - DO NOT AMEND</div><div>Exporter name TESTING - EXPORTER ALL COMMODITY 35</div></div><div><div>Flow path details</div><div>Change</div><div>Inspection result Passed</div><div>Result time 13/09/2024 09:00</div><div>Officer PEMS-DEV Internal-AO</div><div>Comments</div><div>Outcome</div><div>Change</div></div></div></div> <p><u>Warning message when the line result is opened:</u></p> <div><div>Inspection Result Line 1 - CHICKPEAS - Grains and Seeds for Consumption</div><div>Container number COVA3626012 does not have a valid empty container inspection.</div><div>Container number COVA3626012</div><div>Source</div><div>Package</div><div>Number * 1500</div><div>Type BAGS</div><div>Weight 10</div><div>Unit * KILOGRAM</div></div>

Providing the Import Permit number on uploading Import Permit (IP) document

Current

Current PEMS users can upload import permit documents in the attachment window using the import permit document type, however, there is no provision for a user to enter an import permit document number.

Attachment

File input *

Choose File | No file chosen

Document type *

☐ Accredited marine surveyor screenshot

☐ Area Freedom Certificate

☐ Manual Inspection Record

☐ Manual Vapour Heat Treatment Record

☐ OSCT Data Logs

☐ Readings VHT probe calibration

☐ Treatment certificate

☐ VHT treatment readings

☐ Bulk vessel loading running record

☐ Export Delegate Certificate

☐ Grower / Packer Certificate

☒ Import Permit

☐ Manual EX188 Form

☐ Manual ITCT Calibration Record

☐ Marine Surveyor Certificate

☐ MIG thermometer NATA test certificate

☐ Other

☐ Take 5 Assessment checklist

☐ Testing Certificate

☐ Transfer Certificate

☐ Vessel owner/agent's declaration

A document type is required.

Outcome *

Accepted

Comments

Changes

Within the attachment window in PEMS, a field has been added to for recording the Import Permit Number. Users will be required to select the import permit number from a dropdown list (IP associated with the RFP) when uploading an import permit document. Selecting an IP number from the dropdown is mandatory. This change will provide clear identification of the IP document and the associated IP number.
