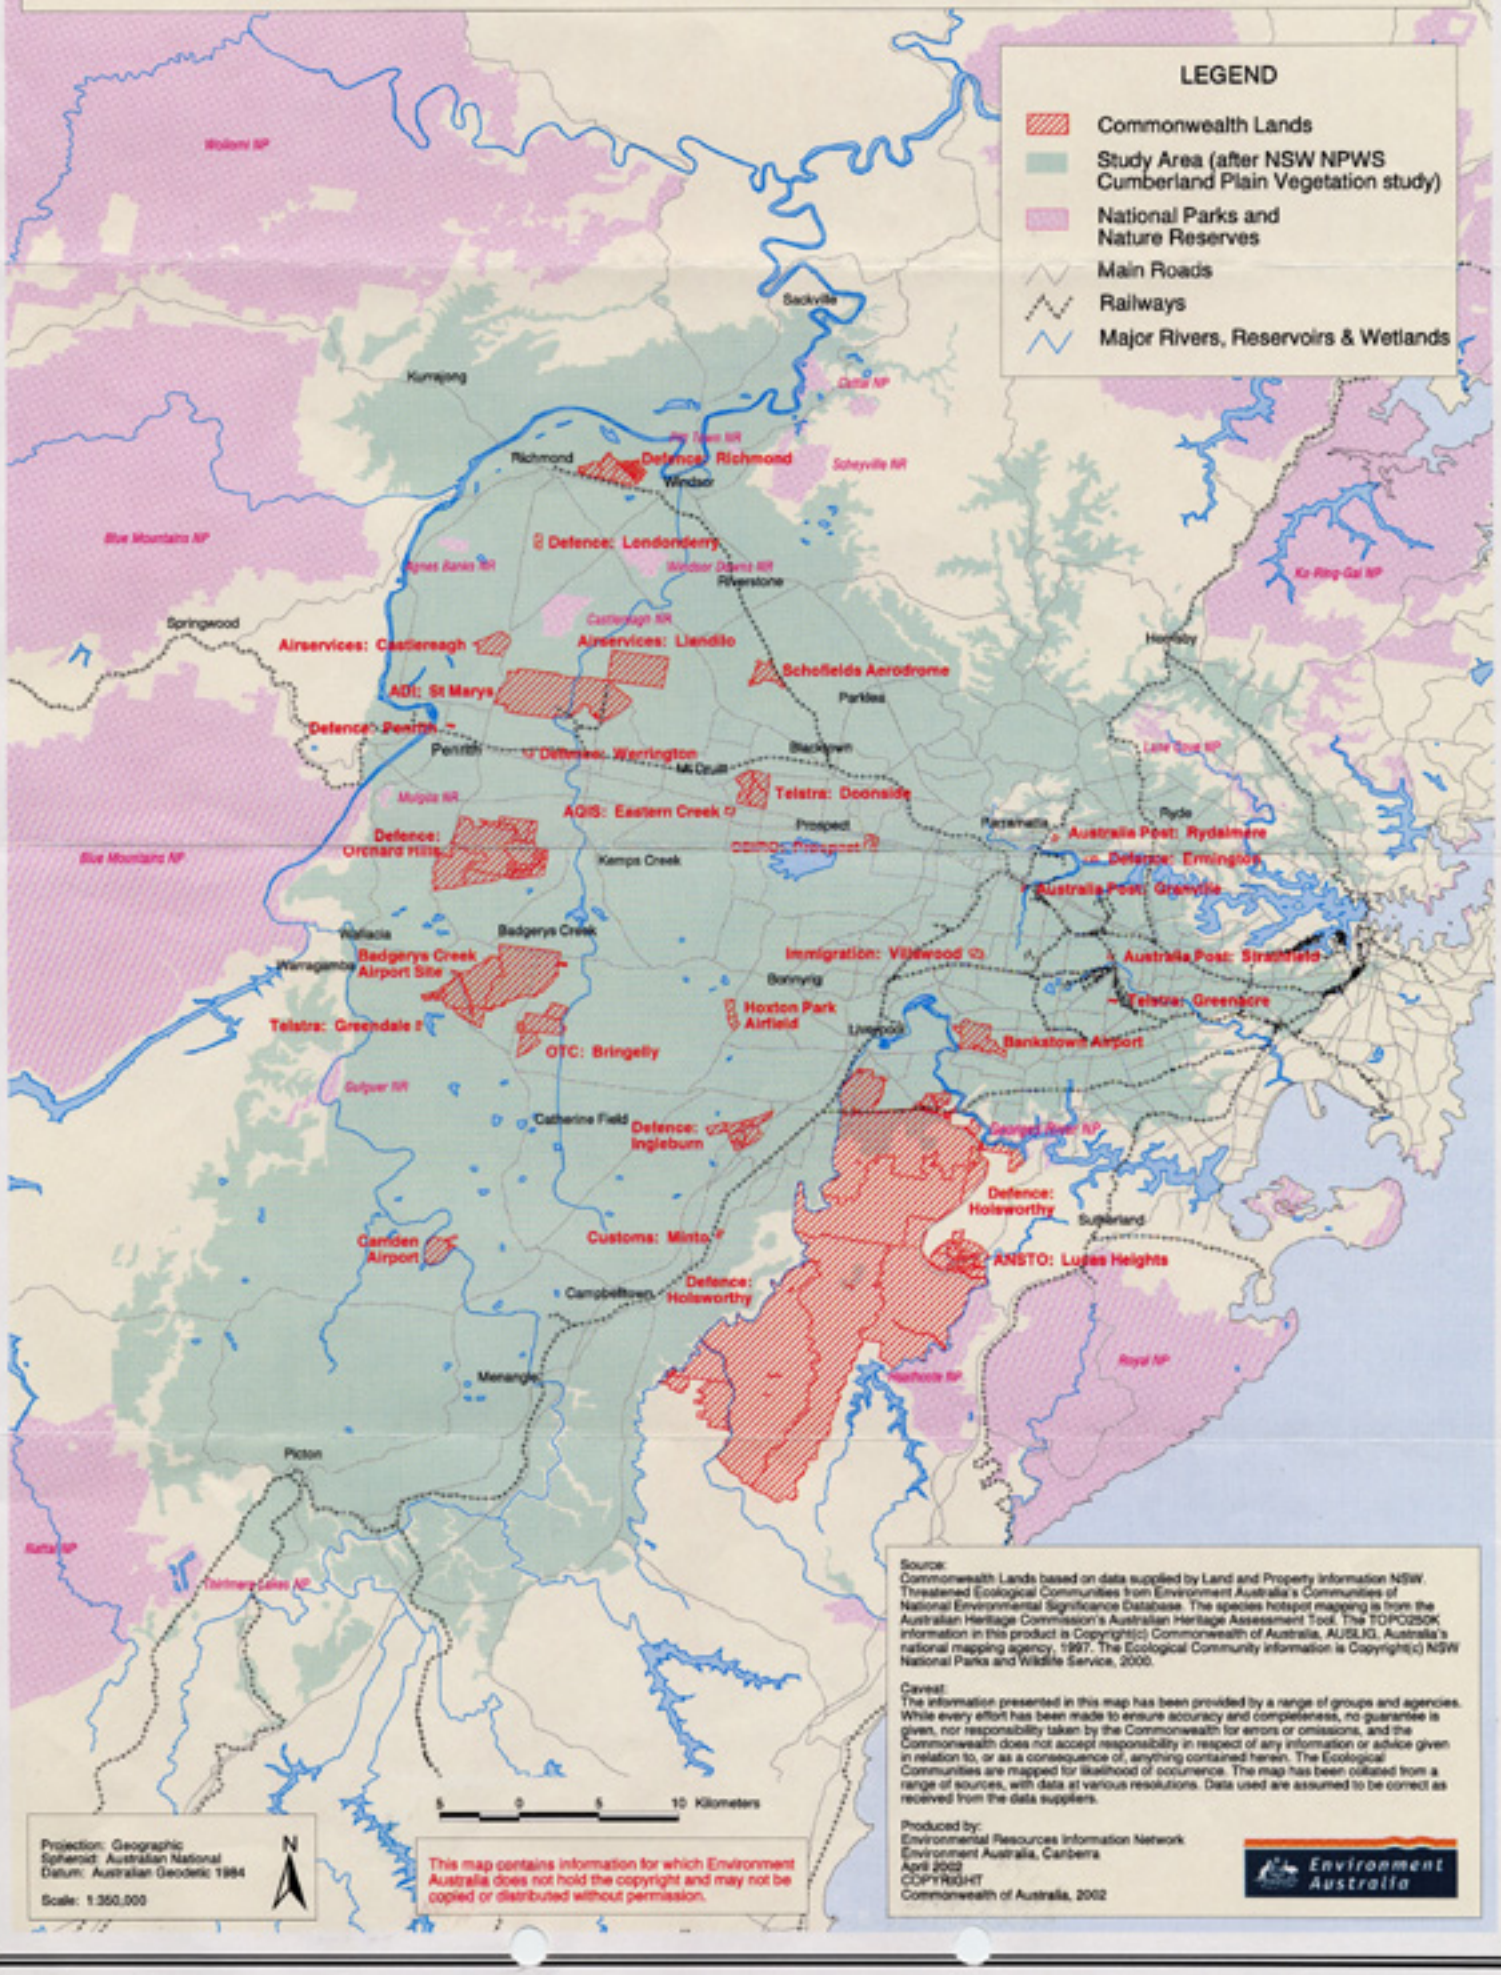
Commonwealth Lands in Western Sydney

Map 1: Study Area and Existing Conservation Reserves



Source:
Commonwealth Lands based on data supplied by Land and Property Information NSW. Threatened Ecological Communities from Environment Australia's Communities of National Environmental Significance Database. The species hotspot mapping is from the Australian Heritage Commission's Australian Heritage Assessment Tool. The TOPO250K information in this product is Copyright(c) Commonwealth of Australia, AUSLIG, Australia's national mapping agency, 1997. The Ecological Community information is Copyright(c) NSW National Parks and Wildlife Service, 2000.

Caveat:
The information presented in this map has been provided by a range of groups and agencies. While every effort has been made to ensure accuracy and completeness, no guarantee is given, nor responsibility taken by the Commonwealth for errors or omissions, and the Commonwealth does not accept responsibility in respect of any information or advice given in relation to, or as a consequence of, anything contained herein. The Ecological Communities are mapped for likelihood of occurrence. The map has been collated from a range of sources, with data at various resolutions. Data used are assumed to be correct as received from the data suppliers.
