CERTIFICATION OF FISHERY PRODUCTS TO UKRAINE

AQIS advises that an electronic certificate for fish exports to the Ukraine is available through the EXDOC system. Australia has market access for all fish and fish products with the exception of

- Whole redfin perch (*Perca fluviatilis*) and whole trout (*Oncorhynchus mykiss*)
- Live Sydney rock oysters, (*Saccostrea glomerata*)

Exporters are reminded that Ukraine import authorities have been detaining consignments that do not originate from establishments that have European Union listing.

Please contact Mr Les Johns in the Fish Exports Program, (02 6272 4978) or your regional fish inspector should any further information be required in relation to this issue.
