

**AQIS Notice Meat: 99/22****NFS: 16, 25****Title: Amendment to AQIS meat notice 99/15****Contact Officer: Bill Turner, Senior Veterinary Officer, Food Policy Branch****Ph:(02)62724167 Fax:(02)62723678****Date of effect: Immediate****Date of Expiry: UFN****CO File No:**

* Central & Regional Office 99/21	Last Notice	*Managers, Export Meat Establishments	Last Notice
*OIC Inspection Staff Meat Establishments	Last Notice	99/16	
*Meat Inspection Staff 99/19	Last Notice	*Licensed Meat Exporters	Last Notice
* Managers, AQA Establishments	Last Notice	* Managers, Export Slaughtering Establishments	Last Notice
* State/Territory Departments Responsible for Agriculture	Last Notice	* Export Meat Industry Organisations	Last Notice
		* AUS-MEAT	Last Notice

**Purpose**

To advise on an amendment to AQIS Meat Notice 99/15 "Water testing requirements for EU listed meat establishments (including game/farmed game establishments and coldstores)."

**Amendment**

In AQIS Meat Notice 99/15, in the section headed "Parameters **which must be tested ANNUALLY** (and the action levels required)" the action levels for pesticides and total pesticides are incorrect. Currently these read:

Pesticides                0.01ug/1  
Total Pesticides        0.05ug/1

The proper value for this should read as:

Pesticides                0.1ug/1  
Total Pesticides        0.5ug/1

Brian Macdonald
