

Offshore Treatment Providers

All countries other than those listed as AFAS or NON-AFAS

As at 15 January 2018

All certificates issued by fumigators from these countries are acceptable until a fumigation failure is detected. When this occurs, the fumigation company will be listed as 'unacceptable', and the country will be listed as a Non-AFAS country.

Certificates from methyl bromide treatment providers in the listed countries will only be acceptable if they are valid and meet all the requirements for a methyl bromide treatment certificate as per the Australian Fumigation Accreditation Scheme Methyl Bromide Fumigation Standard

More information may be found at this link: [Example of Methyl Bromide Fumigation Certificate.](#)
