**Notification of the Ministry of Agriculture and Cooperatives**

**RE: Cooked food made from or contain or cooked from carcass to be considered as 'carcass' according to Animal Epidemics Act, BE 2558 (2015), BE 2018**

It deems appropriate to control the import, export or transit of cooked food contained or cooked from carcass in order to prevent and control epidemics.

By the virtue of 'carcass' definition provided in Section 4 and Section 5 of the Animal Epidemics Act BE 2558, the Minister of Agriculture and Cooperatives issues the following announcements:

\*Note: Based on the Animal Epidemics Act, 'carcass' means a body or part of a body of a dead animal or anything derived from living or dead animals, and shall include cooked food comprised of, made or prepared from carcasses, or finished artificial items made from carcasses as prescribed in the Notifications by the Minister.
